

COW LIFT

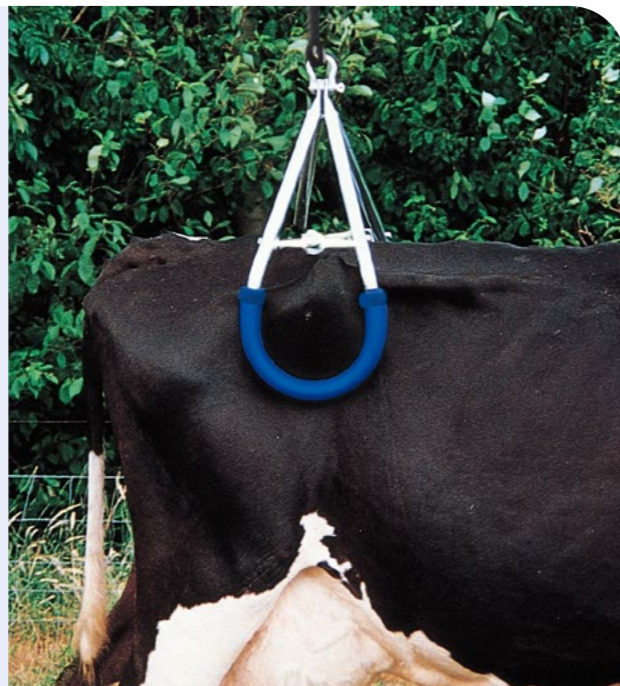

For dairy cattle

A cow that cannot stand may yet be saved.

Strong and robust. Can withstand use with heavy dairy cows.

CCOW LIFT

Cow lift:

- Easy to apply
- The spindle can be turned from both sides
- Indispensable on every dairy farm
- A cow that cannot get up on its own must be helped immediately

COW LIFT

For beef cattle

 **Warranty 10 years**

Strong and robust. With this cow lift you can lift the heaviest cow effortlessly.

Cow lift for beef cattle:

A separate cow lift has been developed for the larger and heavier beef cattle.

The more robust device has larger dimensions to match the build of the beef cattle and has a stainless steel tube construction.

CCOW LIFT FOR BEEF
